

3rd Manchester-Midlands Sinus, Rhinoplasty and Nasal Plastics Dissection Course

Monday 1st June - Wednesday 3rd June 2026

Postgraduate Centre, Nottingham City Hospital, Hucknall Road, Nottingham, NG5 1PB

Course Objectives:

This 3 day highly supervised, highly practical fresh-frozen cadaveric dissection course is aimed at trainees, Consultants and specialty doctors wishing to enhance or refresh their anatomical and surgical understanding of the paranasal sinuses, anterior skull base and nasal skeleton - essential for appraisal and revalidation. 2025 course accredited with 29 CPD points.

Applicants will receive intensive cadaveric teaching by a group of expert Rhinologists using current techniques and instrumentation. Dissection places are strictly limited.
