

ENT ENDOSCOPY LAUSANNE-CHUV

ENDOSCOPIC HANDS-ON DISSECTION
ON EAR, NOSE AND EUSTACHIAN TUBE

06TH-10TH OCTOBER 2025

ENT ENDOSCOPY

DEFINITIVE PROGRAM

A warm welcome to Lausanne, Switzerland! We wish you a fruitful course of continuous learning and an unforgettable experience with our carefully selected lectures, hands-on dissection sessions and live surgeries throughout the three modules. Marvin Minsky, one of the founders of modern artificial intelligence once said: "You don't understand anything until you learn it more than one way." In this aim, we prepared these five days for you highlighting the many aspects of endoscopic ear nose and tube surgery and wish you an excellent stay in Lausanne.

Sincerely yours,
Lukas Anschuetz and Antoine Reinhard
